

Benefits:

- At the Request of Owners / Managers, we provide a team to sail on the vessels prior to vessel's scheduled Docking period and prepare dry dock specifications of steel and machinery condition
- Monitoring of steel / machinery repairs during dry dock
- Assist ship managers to conclude final negotiation of work done reports by providing exact details of steel/machinery condition
- Before bringing back vessel into service after laid-up, we provide a team to check condition of the vessel

Services certified by:

Preparation of DRY DOCK tender
